

# Subject: Year 7 Overview

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>The designing of a Shelf, using 2D CAD to develop a bracket design.</p> <p>Designing Stationery sets using 2D CAD; Drawing lines and curves using accurate geometrical distances and angles.</p> <p>Research project and producing a fruit fact file.</p> <p>Development and ability to draw and present 3D product using Oblique method.</p>	<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>The making of a Shelf; cutting, joining and finishing materials.</p> <p>Designing a storage wallet, using modelling and 2D CAD to form netts.</p> <p>Designing and making a Fruit Salad and general food preparation skills.</p> <p>Designing a Chair using own anthropometric research and oblique drawing.</p>	<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>Designing a Stationery set and storage wallet using 2D CAD; Drawing lines and curves using accurate geometrical distances and angles.</p> <p>Designing and making a Fruit Salad; producing a fruit fact file.</p> <p>Designing a Chair using own anthropometric research and oblique drawing.</p> <p>The designing and making of a Shelf; cutting, joining and finishing materials.</p>	<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>Designing and making a Fruit Salad; producing a fruit fact file.</p> <p>Designing a Chair using own anthropometric research and oblique drawing.</p> <p>The designing and making of a Shelf; cutting, joining and finishing materials.</p> <p>Designing a Stationery set and storage wallet using 2D CAD; Drawing lines and curves using accurate geometrical distances and angles.</p>	<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>Development and ability to draw and present 3D product using Oblique method.</p> <p>The designing of a Shelf, using 2D CAD to develop a bracket design.</p> <p>Designing Stationery sets using 2D CAD; Drawing lines and curves using accurate geometrical distances and angles.</p> <p>Research project and producing a fruit fact file.</p>	<p>Pupils will be working on one of the following areas for each quarter of the year:</p> <p>Designing a Chair using own anthropometric research and oblique drawing.</p> <p>The making of a Shelf; cutting, joining and finishing materials.</p> <p>Designing a storage wallet, using modelling and 2D CAD to form netts.</p> <p>Designing and making a Fruit Salad and general food preparation skills.</p>
